NRC No: 659, Wren nest, young, naked and blind, 31/05/2010.

	Eggs	Young	Fledged
Year totals:	666	422	337
% of eggs which hatched / which fledged		63.36%	50.60%
% of young which fledged:			79.86

Number of nests in boxes: 58
Number of open nests: 61
Total Number of Nests: 119

Total Number of Species located breeding: 21

* This symbol next to the figure in the 'Young' column indicates that at least some of the young were ringed. The ring numbers for those nests are:

- **NRC No: 749 (Stock Dove nest):** EP30796 to EP30797

Total Number of Nests in which Young were Ringed: 1

Total Number of Young Ringed: 2
